Don't compromise, go composite

We don't believe in compromising on quality. We've brought together materials to give you the very best in strength, easy maintenance, security, and weather resistance. Oh – and great looks as well.

Behind the Door-Stop name, you'll find the latest technology and design in doors. When you're indoors you'll enjoy loads of style, strength and security.

With a host of customisable options to choose from across colour palette, glazing, ironmongery and security, these elegant doors provide the strength and beauty to make a bold statement, whatever your property style.

We don't make anything else

Door-Stop have been a pioneer in the composite door industry since 2008, setting standards in quality and innovation. Unlike some other manufacturers we were the first company solely dedicated to crafting composite doors we've never made anything else.

This laser focus allowed us to revolutionise the industry, introducing innovations like reglazeable cassettes, colour-matched weather bars and providing Energy Rating certificates before they were mandatory.

Today as part of the Masonite Group, our legacy of customer satisfaction endures, carrying forward our extensive experience and unwavering commitment to excellence.

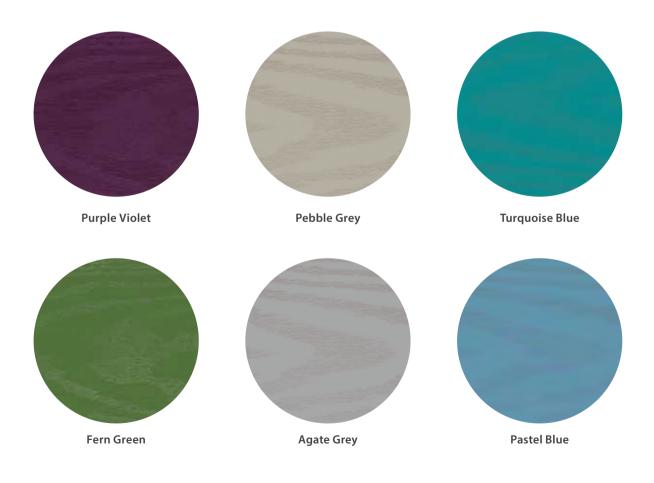

INTRODUCING

New Colour Options

Our new colours have been inspired by the great outdoors and help you coordinate your exterior doors with the latest trends in interior design. From calming tones associated with the British countryside through to more vibrant sea blues, embrace a range of landscapes to incorporate the natural world into the comfort of your home.

The two new greys - Pebble Grey and Agate Grey – match particularly well with a neutral palette to create a welcoming entrance to any home. For those with a bolder design preference, a front door in Purple Violet, Fern Green or Turquoise Blue can be used to create a focal point both inside and outside.

See page 52 for all Colour Options

Timeless, Classic Designs

Our selection of Traditional door styles offer both expressive style and enduring performance.

With a host of customisable options to choose from across colour palette, glazing, ironmongery and security, these elegant doors provide the strength and beauty to make a bold statement, whatever your property style.

Elegant, Modern Designs

This collection of modern doors are inspired by contemporary, minimalist stylings. Boasting an array of glazing options, from abstract to art deco influences.

This family of doors couples well with modern architecture, or as a contrast to more traditional properties.

Finishing Touches

With a large range of finishing options available, you can make your door unique to you. Browse this section to find the right touches to provide the perfect finish to your door.

Colour Options

The doors in our collection are available in a diverse range of colours (both sides) to suit the character of your home. Please note: if you select a wood-grain colour on both sides of your door, this will only be available in certain door styles.

Glazing

The range of glass options add character to your door and light to your home, whilst still offering you complete privacy.

Handleless suite available on all styles.

*Our classic furniture suite is also available in a high position.

Locking Options

We know a secure door is important to our customers, and that's why our range of locks, cylinders and handles are tested, certificated and accredited to industry standards. The combination of these locks and a reliably strong structural frame make our doors unrivalled in terms of the peace of mind they offer.

GU Slam Lock

Yale TS007 3 Star Handle/ Cylinder Combination Option

Yale's superior cylinder and platinum handle combination is accredited with the coveted TS007 3* BSi Kitemark – one of the most secure available for composite doors and locks. Subjected to extensive tests, it can resist anything the most determined burglar can throw at it.

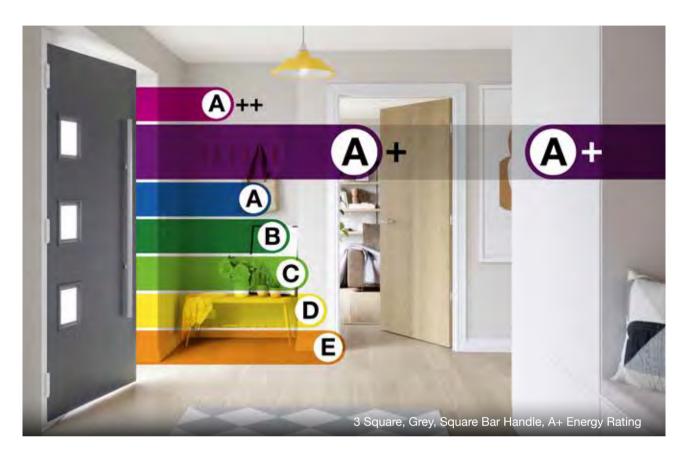

Yale Lockmaster

Developed and tested to deliver superior security and ease of use. British made and featuring a combination of hooks and anti-lift bolts for proven and reassuring protection.

Energy Ratings

Every Door-Stop door is issued with a bespoke energy rating certificate – based on expert data from the Build Research Establishment and accredited by the British Fenestration Ratings Council (BFRC).

Door Energy Ratings by Door Style

Eco Friendly & Weather Proof

As a responsible manufacturer, we spend a lot of time ensuring that we fulfil our obligations to creating a more sustainable future.

Green doors - now available in every colour

From day one we chose to use a calcium zinc-based compound in the extrusion of the door frame (which we make in different lengths to avoid waste) because it's much kinder to the planet than lead-based additives.

The door's inner rigid foam system is completely, utterly, one hundred percent CFC-free.

Reducing our carbon footprint

We've taken big steps to reduce our own carbon footprint too. Door-Stop doors are made right here in the UK, unlike the products of other door companies. And we carefully plan all our delivery routes to cut down the amount of fuel we use.

Other manufacturers look at our doors and go green with envy - we're just greener.

GRP – The Longest Product Lifespan*
